NATION'S STORES UNITE IN SAVINGS STAMP WEEK

FOOT BALL STARTS LUEDEBS vs. HAMLIN

Friday night on Hamlin Piper Field, the little city of Lueders will be welcomed by the Pipers in the first game of the season. This is not a conference game, but it is very important to both teams if they mean to attract much attention in the coming contests in their future games.

Hamlin is classed in a section heavier than Lueders but that is not a sure sign that Hamlin out weighs Lueders players, only it means Hamlin enrollment outnumbers the Lueders school. So the dope out in advance of the game that starts the ball bouncing, is that you can see a tight game even from the start. The weather is cooled now and if caution is used, not likely will any player become over-heated (physically).

Come on and let's make up a big crowd of boosters. It will help many ways. Everybody needs to get their minds off war and destruction, and they need to mix gain with friends and neighbors. The foot ball field is not so bad to accomplish something on that line. Be there. Meet your friends there Friday night, about—well, be on time; the rock seats will do you good, too.

Will Lecture At Church of Christ

DR. PAUL C. WITT, of Abilene

A new edition of the DICKSON MASTER BIBLE has just been published. This splendid new Bible includes many helps for the Bible student. DR. PAUL C. WITT is the author of nineteen of the articles which are included in this wonderful new book.

Dr. Witt is a member of the faculty of Abilene Christian College. He is now working on a new book of studies, "As A Christian, which will take up the duties, responsibilities, and opportunities of the Christian life.

Would you like to hear Dr. Witt? The Church of Christ thought that you would. It has made arrangements with him to be in Hamlin soon. He will give a series of lectures at the Church of Christ in Hamlin beginning Friday, Sept. 19 and lasting through Sunday, Sept. 28. He will speak two times each day. One service will be held each afternoon at 4:15 o'clock. The night service will be held at 7:45 o'clock. You are cordially invited to attend.

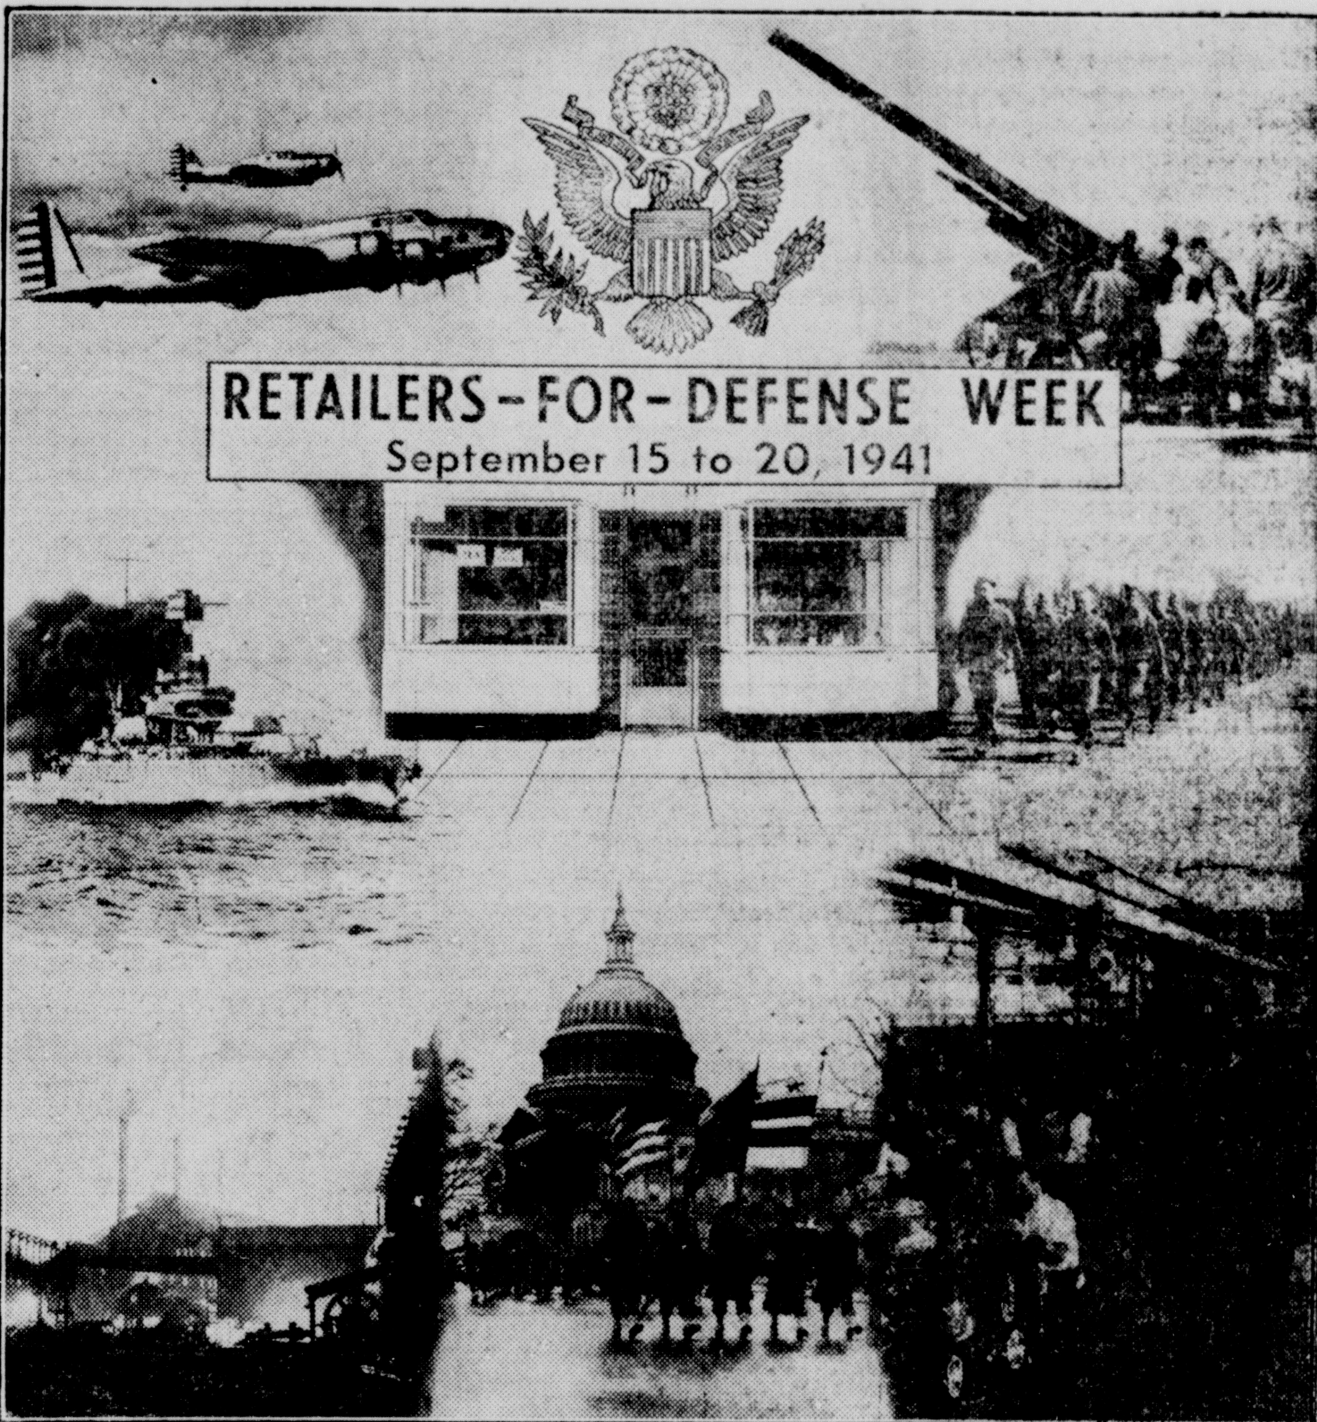

The Herald has a pretty card from W. L. Cash, who has "gotten out" again and it would seem he has been floundering around down in Corpus Christi. Mr. Cash returned home Wednesday and reports a wonderful trip.

Mrs. N. M. Acuff Died Morning of Sept. 5th

After an illness lingering over several months, Mrs. N. M. Acuff passed away at the home of her daughter, Mrs. Bill Lasseter, on Central Avenue, Friday morning, September 5, at 12:05 o'clock, age 76 years, 7 months and 28 days.

Mrs. Acuff was a native of Iowa, born January 7, 1865. She and her husband came to Texas in 1896 from Arkansas and lived in Fort Worth until 1911, when the family moved to Hamlin where they have since resided. Mr. Acuff died about three and a half years ago, since which time, Mrs. Acuff has lived with her daughter, Mrs. Lasseter.

The surviving children are W. V., J. S. and N. A. Acuff, Mrs. May Boswell, and Mrs. Ruby Carpenter, all of Fort Worth; George Acuff of Oklahoma City; and Mrs. Bill Lasseter of Hamlin. There are twelve living grandchildren and eight great grandchildren. One brother, residing in Arkansas, survives.

All of the children and grandchildren were here for the funeral. Mrs. Acuff was a member of the Baptist Church, at which place the funeral was conducted Saturday afternoon by Rev. J. Henry Littleton, of Abilene, and the pastor, Rev. Henard E. East. Four of the pallbearers were grandchildren of the deceased, Norman and Clarence Lasseter, and George Labaum and Grannon Moorman; others were J. B. Eakin and Arlie Cassle.

Those from out of town who attended the funeral besides the children mentioned, were Mr. and Mrs. Doss Thompson and daughter, Miss Eula Mae, of San Angelo; Mrs. Myrtle Keagy, a niece, of Abilene; Mrs. Grannon Moorman of Stamford; Miss Sarah Acuff of Fort Worth; Norman Lasseter from Brooks Field San Antonio; and Mrs. Louise Lindsey of Oklahoma City.

The body was placed to rest in East Cemetery, Hamlin, by the side of the companion, under the direction of the Barrow Company.

Guy Wilson, a recent graduate of North Texas State Teachers College at Denton, has accepted a position in the office of the Community Natural Gas Co. at Stamford.

Miss Mary Boyd left Thursday to enter Baylor University, Waco, where she will do work on her Masters degree.

Miss Dorothy Nell Tims has accepted a position as teacher in the Bronte public schools and began her work there Monday.

Hamlin Boys Building Fighters and Bombers

Here's a letter from Cecil Sellers son of Mr. and Mrs. Charley Sellers: Hollywood, Calif. September 8, 1941

Dear Mr. Pope,
Sorry to bother you so much by changing my address so often, but I enjoy the Herald so much and I don't want to miss a copy.

Well, I am still building airplanes for the U. S. A. and Britain. We built thirty-seven Bombers last week in five days and about twelve Y. P.'s (the fastest pursuit plane in the world).

I am inclosing one dollar for a renewal on the Herald.

Another homesick boy,
Cecil L. Sellers

Sgt. John V. Howard Jr. came in on Tuesday of last week on a short furlough to visit his parents, Mr. and Mrs. John Howard. Sgt. Howard is located at Francis E. Warren in Cheyenne, Wyoming. This is a training base. John says 90 per cent of the men kept in his fort are Texas men. That means Texas men take to military affairs fine and are used to train others. It speaks well for the Texas patriots.

BROTHER KILLED

Tom E. Shelburne was called to Mineola, Texas, on Friday of last week by the death of his brother, John Leslie Shelburne, 45, car inspector for the T. & P. railroad at Mineola. Evidently he had stepped in front of a train just after 1:00 A. M. Friday morning.

September 15th to 20th Is Set For Selling Campaign

730 Pupils Enroll For Opening First Week

The Hamlin High School enrolled 320 pupils the first week of school, and the Elementary School counted 410, making a total of 730 in all.

Both Principals, Johnston and Morton, report that school began with the least conflicts of any year in their experience. Teachers and pupils have fit nicely into their classes and we expect this year to be one of the best for the Hamlin Schools.

G. R. BENNETT, Superintendent
The Herald has not been furnished with the starting line up of teachers. This will perhaps appear next week.

Santa Fe Loading Is Up Over Last Year

The Santa Fe Railway System carloadings for the week ending September 6, 1941, were 20,576 compared with 18,243 for the same week in 1940. Received from connections were 8,060 compared with 5,871 for the same week in 1940. The total cars moved were 28,636 compared with 24,114 for the same week in 1940. The Santa Fe handled a total of 31,486 cars during the preceding week of this year.

Death Comes To James M. McGough

Although all of the close friends of J. M. McGough had known his health had not been good for more than a year, everyone was shocked to learn that death came on short notice, at 11:00 A. M. Sunday, September 7.

Mr. McGough had suffered a stroke a few days before his death. He was a prominent farmer seven miles north of Hamlin. He was 54 years, 11 months and 9 days of age.

James Monror McGough was born in Eastland County, September 29, 1886, the son of Mr. and Mrs. J. W. McGough, who survive and reside in Hamlin as two of the few remaining real pioneers. He came to Stonewall County in 1901 and to Hamlin and Jones County in 1906. He was married to Antonie Kutach in Hamlin on April 29, 1913, and to this union there was born one child, James D. McGough, who with his mother, survives. Others of his family, including the parents, are one brother, Autie McGough of Peacock, and three sisters, Mrs. Sam Rash, Aspermont; Mrs. T. J. Rash, Peacock; and Mrs. John Reese, Bay City, Texas. All of these relatives were present for the funeral.

Mr. McGough was a member of the Baptist Church at Flat Top, where the funeral was held Monday at 3:30 P. M. with Rev. Charles Torrence, of Abilene, and the pastor, Rev. Byrd, in charge.

Flower bearers were Martha and Marie Kutach, Annie Pustjovesky, and Imajean McGough, all nieces of the deceased, and Rose Marie Brady. Pallbearers were nephews, Raymond and Doyle McGough, Travis Rash, Gene Reese, Billy Townsend, and Jack McGough.

The Barrow Company of Hamlin had charge and interment was in East Cemetery, Hamlin.

Other attending the funeral, besides those mentioned, included Mr. and Mrs. Jess Williams and daughter, of Gorman; Ed Jones and wife and Grover Collins and wife of Gorman; Frank Kutach and family of Avoca; and from Tuxedo a number including Mrs. Jess Townsend and son, Billy, and Frank Pustjovesky and family.

Most of us knew Jim McGough as a fine fellow, pleasant and friendly with those about him, industrious, and an all-round good citizen.

The extinction of party is the origin of faction.—Walpole.

A million stores from coast to coast are selling Defense Savings Stamps in the biggest retail sales effort on record.

A report of this nation-wide extension of retail outlets for the sale of Defense Savings Stamps, was made to Secretary Morgenthau by Maj. Benjamin H. Namm, Chairman of the Treasury's Retail Advisory Committee. This committee, which includes representatives of the 14 great national retail associations, has pledged complete cooperation to the Treasury in connection with "Retailers-for-Defense" Week, instituting the sale of Stamps in stores everywhere.

During this week—from September 15 through September 20—special demonstrations including parades, band concerts, fireworks displays and numerous other events are planned for communities in all sections of the Nation to mark the inauguration of Defense Stamp sales in a vast national program by merchants everywhere.

In his report to the Secretary, Major Namm pointed out that the immense increase in the number of retail outlets for the sale of Defense Savings Stamps means that more than two and one-half million employees of retail stores have enlisted as salesmen for Uncle Sam. With retail stores in every city, town and hamlet selling U. S. Defense Stamps, Major Namm declared that the Government has enlisted a selling force in this endeavor bigger than the combined Army, Navy and Marine Corps.

Easy To Buy Stamps

"This is the greatest national effort ever made in behalf of one product in retail history," Major Namm said. "We cannot underestimate the tremendous part which the retail store employees are playing in this important undertaking. All of us are making it our patriotic duty to have these stamps available for purchase by everyone. We want to make Defense Savings Stamps the easiest possible product to buy. These Stamps, as everyone knows, can be saved conveniently in handy albums, and later exchanged for Defense Savings Bonds.

"The purpose of the Defense Savings Program is three-fold: the money we invest in Bonds and Stamps buys essential equipment for our armed forces; buying Bonds will help to prevent inflation; and after the war the savings represented by Defense Bonds will provide a cushion for the period of readjustment.

"I can assure you that National Retailers-for-Defense Week is merely the opening gun in a program that will be a continuing, steadily increasing effort on the part of the retail merchants of the land. We shall sell Defense Savings Stamps in retail stores the country over—not alone during National Retailers-for-Defense Week, but every day and every week so long as the national emergency exists. We have promised our wholehearted support of the Defense Savings Program. We shall not fail."

Texas Boys From Calif. At Home

Monday night soldier boy Harry Gardner, of Camp San Luis Obispo California, came in for a ten days furlough after his intensive training in the state of Washington.

There were six Texas boys from that camp who came over in one auto. They were: Gardner; Mr. Modey of Clyde; B. L. Jones, Jr., of Anson; Theo Glascock of Abilene; Johnny Lyons of Stamford; and Ersa Curb of Hamlin.

Mrs. Claud Newsom of Shafter, Calif., came to Hamlin last Friday to visit friends after attending the funeral of her father, J. I. Tooley, who died August 25 at Hico, Texas. She visited her daughters, Mrs. C. A. Allison in Wichita Falls and Mrs. C. S. Dickey of Aspermont.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

WAITING

This week has been one of waiting. This is Thursday and as we go to press, the nation and for that matter, the world is waiting to hear what most people think will be a notable statement from Mr. Roosevelt, who speaks at eight o'clock tonight.

Remember, Mr. Roosevelt is only a man, and with that, the accepted leader of the greatest compact nation on earth. When we say "compact", we mean that it contains every factor for greatness, compact into one mighty body of people.

Some well meaning Americans would leave the other impression by the way they talk. Some blame the President for everything that happens on the high seas, over the mountains, on the deserts, and even in the hearts of American men and women. That certainly cannot be proved. Mr. Roosevelt is not to blame for the conditions in Europe. He did not cause Hitler to molest and murder a dozen nations. He did not bring about all the cost to this nation in its sympathy to help our mother nation of the same lan-

guage and blood; conditions did that not Roosevelt.

We have heard much about "unity and disunity". It is no credit to any one, much less a Senator who makes public speeches and can find nothing but sour grapes to tell the people. Such a fellow is really harmful to his nation. Gripping, grumbling, complaining, fault-finding, growling, spewing, and whining is NOT truly good Americanism. What the President says tonight, we believe right here and now before he says it—we are for it. Maybe that is dangerous to say, but if we cannot put our faith in Roosevelt in a time like this, certainly our nation is lost, if we must trust such fellows as Wheeler, Taft, Clark, Johnson, Ney, and old Lindy. Yes, that's plain, too, and lately no one has heard that gang of grouchers say much that would be classed as really the American spirit.

We listen for the voice of the President with hopes that after all the lambasting given him by the isolationists, this nation will come out of the mess the world is now in, without getting into war—BUT if it must be war to protect the greatest ideals of freedom in all history, we feel prompted to say let's not blame it all on the President.

Here Comes Winter

Fall and winter are on their way. Many parts of the country are still enjoying clear, warm days—but the months of rain and snow and cold aren't far off.

The winter season brings with it some of the greatest fire hazards—hazards which are responsible for thousands of deaths and the destruc-

tion of millions of dollars worth of property each year. Yet, those hazards can be easily corrected.

Winter hazard number one is your heating plant. Before long, it will be subjected to maximum load. Any defect, any weakness, may result in a disastrous fire. That is true of furnaces, stoves, fireplaces and everything which has to do with creating and conveying heat. Don't be your own inspector—that is not an amateur's job. Call in a qualified repairman. It won't cost much—and it may save a life, a home or a factory.

Another hazard is exposed electric wiring. Cords fray, and fixtures get out of whack. Short days involve heavy use of light. Here again a qualified expert should make all repairs. And keep a stock of fuses on hand—the more or less common act of using a penny to replace a burned-out fuse is an invitation to disaster.

Now is the time to get ready for winter—not when it is here and you must use maximum heat and light. Do it today.

Aviator Says Hamlin Needs Landing Field

Every community, especially the size of Hamlin, needs a safe and spacious Aviation Field, community owned and protected. Hamlin has none.

This fact was brought home to a number of citizens Wednesday noon when Mr. Derryberry, manager of the Abilene Airport, made a talk before the Rotary Club. He and his wife, who also is an experienced flyer, were guests of the club Wednesday. At that time, Mr. Derryberry presented the President of the Club, Forrest Greenway, the badge of a flyer, because Forrest had passed the grade and will soon be given his federal flying license.

Mr. and Mrs. Derryberry came over in the training plane, the one Forrest used in his cross-country trial flight. It is a beautiful little affair, light but powerful. It carries two persons and enough gasoline to run it four or five hours. When the couple reached Hamlin, the place Derryberry used several years ago to land upon was found to be filled with mesquite and has plenty of dog

holes, either of which makes the ground dangerous to land upon. So the flyers came down in the wheat field north of the city limits.

Derryberry says by all means Hamlin should at once improve that broad expanse of land not used just north of the Katy railroad. He says in many places the County Commissioners have cooperated with their heavy machinery to surface the ground. He and a committee surveyed the Hamlin situation and he recommends that a strip be cleared along side of the highway from the high-line that extends west up north to the country road leading west. Then a strip next to the high-line on the south extending west some distance. This would give a North-South landing and also an East-West landing. The strip should be at least 500 feet wide. As a matter of fact, it would also be advisable to have a strip 500 feet wide along the south side of the road that is next to the farm on the north. This is an ideal situation. Land close in, surrounded by a hard surfaced highway on the long side, and by minor roads on two sides.

In landing, wires, and roads must be far enough away to be safe for flyers. 500 feet is fine space. Another thing, a wind sock and markings would be appreciated, too. None of this project would cost the community much. The land is owned by somebody, but for 30 years, no one has lived on it or has paid taxes on it and so now it might be called "commons".

Hamlin people, what are you going to do about a modern necessity? After the war flurry and with our thousands of planes, there is going to be a new transportation era. An airport with comfort MUST be had if a community stays on the map. It is up to US—Hamlin.

GREATEST SHOW ON EARTH WILL HEAD THIS WAY

RINGLING BROS. AND BARNUM AND BAILEY CIRCUS TO EXHIBIT AT ABILENE

With Mr. and Mrs. Gargantua the Great, the world's most publicized gorilla couple, as its super-feature the Ringling Bros. and Barnum Bailey Circus will exhibit in Abilene on Wednesday, September 24, bringing to that city 1,600 people, 50 elephants, 1,009 menagerie animals and hundreds of horses. The performances will start at 2:15 and 8:15 P. M., with the doors open at 1 and 7 P. M., admitting the public to the radically restyled menagerie, gorilla tent, horse fair and big top—all redesigned by Norman Bel Geddes, of New York World's Fair Futurama fame.

Among the outstanding features are: the new fairyland fantasy, "Old King Cole and Mother Goose", designed and costumed by Bel Geddes with ensembles staged by the famous Albertina Rasch, Hollywood and New York musical show dance director; Alfred Court's three mixed groups of performing wild animals of almost every known specie, appearing simultaneously in three steel arenas; the new Birdland aerial ballet, starring Elly Ardely and costumer by Max Weldy of Paris; the many aerial and novelty acrobatic troupes from South America, headed by the three famous Flying Diego-Fernandez acts; the new high school and liberty horse offerings, headed by Viscompte Roberto Vasconcellos, the famous Riding Cristianis; the great Truzzi, juggler; the three Flying Concella troupes, with Antoinette. In all, 800 performers.

Drew Dunn Sells Ranch and Cattle

One of the biggest ranch and cattle deals in this immediate section was closed Wednesday, when Drew Dunn sold his ranch, the Pringle Moore place, to Mrs. W. F. Martin, his adjoining ranching neighbor. Mr. Dunn had not owned this ranch very long, and in selling out, he made good money on his cattle and the deal.

Mr. and Mrs. Dunn left Thursday for points in Oklahoma and to investigate things in Arkansas. They will retain possession of their crops and the ranch home until Dec. 31.

Mr. and Mrs. Floyd Isbel returned to their home in Port Natches after a visit here with Mrs. Isbel's mother, Mrs. Patterson, south of Hamlin.

Cotton Deteriorating Last Ten Days

Last week the Herald carried a boost for cotton, but the past ten days have brought about heavy losses, especially in the young cotton.

Many fields of late cotton have been stripped of leaves to the point that hardly a boll will be made to an acre. This is rather rare, however. Nearly all old cotton has made a fair yield, and is fast opening.

Hamlin and Neinda gins are running right along considering it is about the first real ginning week of the season.

Cotton is money these days, too. One man was at the bank with the sale of four bales, which netted him after the ginning was paid, considerably more than \$400.00 counting the seed, too.

The general estimate now is that the total crop will be less by far than last year, when around 53,000 bales were counted for Jones County.

The Herald anywhere, 1 yr. \$1.00.

Spindletop STARTED IT!

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, directly or indirectly, it supports almost one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

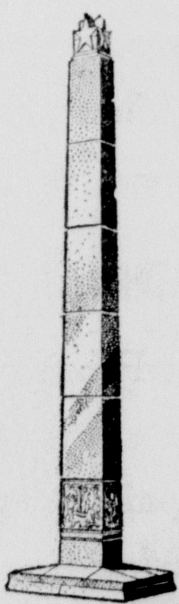

Today all of Texas salutes Spindletop!

★ ★ ★

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas-Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in ageless Texas granite will be the story of oil.

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in forty years have built a great industry in our State—an industry in which you and every other Texan share.

This advertisement paid for by various units of the industry and sponsored by

TEXAS MID-CONTINENT OIL & GAS ASSOCIATION

Governor Aids National Defense

Gov. Coke Stevenson of Texas makes an investment in national defense by purchasing a sheet of defense savings stamps at an Austin grocery store. To make it more convenient for Americans to buy defense savings stamps, the U. S. Treasury asked retail merchants of all kinds to sell them and the stamps have been placed on sale at thousands of counters in department stores, restaurants, railroad ticket offices, laundries, chain stores, independent stores, theaters and other retail establishments, as well as post offices and banks. With Governor Stevenson (left) are Frank Scofield, defense administrator for Texas, and C. N. Birkel, store manager.

STUDEBAKER

ONE NEW STUDEBAKER COMMANDER LAND CRUISER SEDAN is all we have left. WHO WANTS IT? We know that this car will be \$100 higher in 1942 models though practically the same car. We know also that new cars will be scarce and this will naturally bring lower allowances on used cars. WHY NOT BUY NOW AND SAVE MONEY? THINK IT OVER.

Fisher Co. Girls

Fisher County Girls' 4-H Council will meet in regular session Saturday afternoon, Sept. 13, at 2:00 P. M. in the District Court room in Roby. Officers for council for the new year of club work will be elected at this time. Each club is urged to bring a number of members to help put the year books together if your club wants year books to use. The club presidents, council delegates, and sponsors are urged to attend.

LaVena Sue Maberry, orchard demonstrator for the McCaulley Jr. 4-H Club accomplished her goals in club work this year. First she built a frame garden, 5x24 feet out of scrap lumber, and sub-irrigated it by means of tin cans. She raised spinach, lettuce, carrots, pepper, beets, and mustard greens in the frame garden so that her family would have fresh vegetables to eat the year around.

LaVena Sue and her father set out 11 peach trees and one apple tree. As they had a large blackberry patch, LaVena Sue took over the care of it. Pruning and care of fruit trees was studied. She set out 60 tomato plants and canned 25 containers of tomatoes and tomato juice raised 500 hills of watermelons, and 20 hills of cantaloupes. She canned 238 quarts of different vegetables as peas, beans, cucumbers, etc, and 250 containers of fruits.

"This has been the most interesting year of my 4-H club work," said Earlene Johnson home food supply demonstrator for the Swedonia 4-H Club. "I raised 100 strawberry plants in my frame garden. I raised tomatoes, watermelons and a regular field garden. I canned 20 containers of fruit and 26 containers of vegetables," she continued.

Earlene has a new bedroom which was added to her home last fall. She built a new clothes closet in it with a rod for clothes hangers, shelves for folded garments, and a shoe rack and hat stand. The room and clothes closet were papered. Earlene made a dressing table out of orange crates and scrap lumber and made a skirt for it out of print material, hanging a mirror over the table.

Earlene made 2 pair pillow cases, housecoat, pair pajamas, 4 aprons, 2 skirts, 2 blouses, 5 cup towels, bonnet, 2 dresser scarves, 2 hand towels, 8 window curtains, 3 slips, dresses, and a sewing box.

Erna Lee Ratliff, cooperator of the Hobbs, Sr. 4-H Club, has been a club member for six years. This year Erna Lee has worked mostly with clothing. She made a school dress and blouse from print material. She also made a pair of pillow cases, 3 cup towels from flour sacks 5 pot holders from attractive prints vanity dresser set, 6 dresser scarves, one being hemstitched, luncheon cloth, hose bag, laundry bag, 4 chair cushions, aprons, and wove a purse from wool thread. Her clothing scrap book consisted of styles of clothing and material suitable for different occasions; and articles on grooming.

Erna Lee raised 75 baby chicks feeding them adequate rations. Her family ate some of the chickens, she sold some to help buy her school dresses and she is keeping some. Erna Lee hopes to improve her 4-H club work from year to year.

Annie Clair Kidd, cooperator of the Capitola 4-H Club, completed a number of goals in clothing and home food supply work. In clothing she made a sewing box, 3 pairs of slacks, 4 dresses, housecoat, slip, 3 aprons, play suit, skirt, 2 blouses, gown, hat stand, shoe rack, laundry bag, 2 pot holders, 6 cup towels, bonnet, 2 stuffed toys, dresser scarf pair of pillow cases, hand towel, 2 chair cushions, and 5 window curtains. Her serving tray is made from ply wood with handles made from rope and varnished. Annie Clair, with the help of her mother and sister, M. E., papered the walls of 3 rooms and painted the ceilings of 2 rooms.

Annie Clair planted 4,000 feet of vegetables in the garden which she cared for and harvested, and set out 100 tomato plants. She canned 511 quarts of fruits and vegetables.

At the Fisher County Girls' Rally in June, Annie Clair won the highest number of ribbons on articles she exhibited. She won a trip to the Junior Short Course at this time. She also serves as reporter and secretary for her club.

The first indication of domestic happiness is the love of one's home. —Montlosier.

What does **Standard protection** do for you?

It helps you relax, Mister,
away from home

No doubt about it, vacation time should be relaxing time. But, how can a man relax who's worrying about his home? Might it catch fire?... or windstorm knock it askew?... or vandals break in?...

Take a tip from our dreaming vacationer. He's relaxed, unworried, full of peace of mind—because he's made sure that an insurance expert has him protected with sound capital stock company insurance against each hazard to home or business. He knows that, if anything happens back home, his agent will be on the job, and that his insurance company can and will make good.

Let us protect your home, furnishings, business, automobile and other possessions with dependable, economical capital stock company fire insurance.

Even a closed home is safer today because of organized fire prevention led by the capital stock fire insurance companies. Their promotion of better-building laws, the testing of wiring and appliances, better fire-fighting facilities and a broader public concern tends materially to reduce the number and extent of fires.

There Should Be a Law—

A banker was reported to have read a rather bad poem the other evening at a banquet. Can you imagine what would happen if a poet wrote a bad check?

When alone we have our thoughts to watch; in the family, our tempers; in society, our tongue.—Hannah More.

Congratulations

Mr. and Mrs. A. S. Stewart are parents of a son, Bobbie Joe, weight 8 pounds, born Monday, September 8, at their home.

Mr. and Mrs. H. R. Reed are parents of a son born at their home September 8. The baby weighed 9 pounds and was named Roy La Grande.

John F. Green, Jr., went to Austin Thursday to take special work in the University of Texas.

Minister: "Do you say your prayers at night, little boy?"

Jimmy: "Yes, sir."

Minister: "And do you always say them in the morning, too?"

Jimmy: "No, sir. I ain't scared in the daytime."

Mrs. Gene Robinson Honored With Tea

Mrs. Gene Robinson, a September bride, was honored with a lovely gift tea Friday evening, in the home of Mrs. R. H. McCurdy, on Central Avenue. Sharing hostess honors with Mrs. McCurdy were Mrs. J. Starr Inzer, Mrs. Austin Poe and Mrs. R. W. McCurdy.

Attractively arranged autumn flowers formed the decoration in the entertaining rooms.

Guests were welcomed by Mrs. R. H. McCurdy who presented them to the honoree, Mrs. Robinson, and her mother, Mrs. Frank Williams, of Cross Plains. Others receiving were the bride's sister Mrs. Tom Vaughan and Mrs. W. C. Russell.

Mrs. Poe and Mrs. R. W. McCurdy invited into the dining room where Mrs. John Ed Day poured punch. She was assisted in serving refreshment plates by Mrs. Starr Inzer and Miss Mary Boyd.

An all white theme was featured in the dining room decorations. The table was covered with a white embroidered linen cloth and centered with a large bridal bouquet fashioned of white asters, tube roses, and fern. From the bouquet extended streamers of white satin and tulle amid which stood a miniature wedding party.

The buffet was lighted with white tapers and centered with a large vase of Snow on the Mountain.

Mrs. Maurice Smith of Anson, welcomed guests into the room where a beautiful collection of gifts were displayed. Mrs. C. C. Prater was in charge of the hand made bride's book.

During the evening, sixty guests called.

Miss Doris Proctor Bride of Pampa Man

Miss Doris Proctor, daughter of Mr. and Mrs. R. O. Proctor, of Hamlin, and Mr. Carl Stotler of Pampa, son of Mr. and Mrs. C. H. Stotler, of Yellville, Arkansas, were married Wednesday, August 20, at Anson.

Mrs. Stotler graduated from the Hamlin High school with the class of 1935.

Mr. Stotler is employed in Pampa, where he and his bride are now making their home.

Visit the Herald and tell us your troubles—we also want your business.

TSCW Students Fly Own Planes

When America finds a place in the defense program for its women fliers, these Texas State College for Women students, Elsie Adams, El Paso, and Gladys Ingenhuett, Comfort, will be ready to go. Both girls own airplanes and were instructed in the CAA approved school at the Denton Airport where the college permits its students to train with parental approval. A ground course in flying is offered in the TSCW physics department.

A Hamlin Cowgirl Is In The Making

COWGIRL, JESSIE MYERS
of Hamlin, and Her
Favorite Pony, "Cricket"

Just a few Hamlin people really know that a real cowgirl is in the making when they see little Miss Jessie Myers on her way to the Grammar School in Hamlin. She is the daughter of Mr. and Mrs. R. M. Myers in Northwest Hamlin.

Miss Jessie, not long ago had a real show pony, a trickster that responded to her voice as well as her "pull". But trick horses are not what cowgirls must depend upon to win in big rodeos and hard riding contests, so Daddy Myers who is proud of his "cowgirl" secured "Cricket", a horse that is fast and furious when required. Cricket has learned already to do his part, and Jessie gains in riding and roping ability as she grows in pounds and counts more years. Now, only 13, you see.

Don't know how this young lady counts up in the grades at school, but her average in every young rodeo is high.

Recently Miss Jessie broke the hearts of several older girl riders in the contests at the Double Heart Ranch rodeo, when she represented Hamlin. She made the first winner scratch to head her off. In the counting Jessie came out second, close to the top. This won for her a beautiful pair of cowgirl boots.

Well, there is to be so much in the future to write about and publish for this stream-lined young cowgirl, the Herald will ease up now and wait to see what the years bring to the little lady. A girl like Jessie Myers can learn to ride or handle anything, even an aeroplane. She is all over a typical American, you bet, she is.

CHURCH OF CHRIST

September the 19th a meeting will begin at the Church of Christ. Brother Paul C. Witt from Abilene will do the preaching. Come out and hear him.

When a man uses profane language or gets angry in supporting an argument, it shows that either the argument or the man is weak—probably both.

"God calls his children disciples because they are learners; believers because of their faith, saints because of their holiness, brethren because of their love and sonship, and Christians on account of their relationship to his Son, Jesus Christ."

Minister, Luther G. Savage

HEY?

Three slightly deaf men were motoring from the North to London in an old noisy car, and hearing was difficult. As they were nearing the city, one asked: "Is this Wembly?"

"No," replied the second, "this is Thursday."

"So am I," put in the third.

"Let's stop and have one."

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship Service, 10:50.
Intermediates and Senior Young People meet at 7:15 P. M.
Evening Service at 8 o'clock.
Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

Rally Week will be observed next week with a series of services conducted each evening at 7:45. The pastor will do the preaching and Rev. Ray Lee, pastor of the Methodist church at Rule, will work with the children and young people and lead the singing. We want to rally our forces for the Lord and close out on Sunday, the 21st, with a great rally day service. We want every Methodist enlisted in these rally services next week, so please make an effort to do something worth while for the Lord at this time.

Attend church and Sunday school Sunday!

Visitors are welcome at all our services.

For several weeks the R. B. Spencer Lumber Co. has had a new face at the bookkeeping desk. His name is A. Spencer, and one would at first think he is from the head office at Waco, but believe it or not, A. Spencer is not even kin to the lumber family of Spencer, but for 19 years, he has worked for the company. He came to Hamlin from Kerens, Texas, where the company sold their yard. But really Mr. Spencer is getting back home, for he spent 28 years in Anson.

Mr. Spencer and wife and son, Jimmy, have apartments in Mrs. Forrest Boyd's residence on Jackson Avenue, and are feeling quite at home by this time. The only trouble now for Spencer is to keep Paul Bryan smiling.

Miss Eva Louise Fowler left Sunday for Washington, D. C., where she has a position in the Civil Service Department.

Miss Sibyl Mackie, of San Angelo, is here for an extended visit with her sister, Mrs. Clifford M. Stice, and Mr. Stice.

LOOK Magazine & Travelers Safety Service

"DEAR BILL:

"I don't think I care to go out with you again."

"Most of last evening was wonderful, Bill. But the drive home spoiled everything."

"You behaved so nicely and acted so considerably up till the minute you got your hands on the wheel and we headed home. Then you suddenly were transformed into what seemed to me a bad-mannered and irresponsible gorilla."

"You yelled at people who had just as much right on the road as you. You disregarded white lines and signs put there for your safety. You scared my wife out by going at an absurd speed."

"That might have been considered smart once upon a time, but

I assure you it's silly and childish today. Call me stuffy and prudish if you like. But I don't relish dying quite yet."

"Nor do I want to get in one of those accidents where I am just hurt. I have sense enough to realize that you and the rest of the boys wouldn't be ringing my phone if my face and body were ineptly rearranged by a smash-up in your automobile."

"So I don't think I'll go out with you again, Bill. At least not until you've grown up enough to behave decently as a driver, and not until you realize that you owe a certain responsibility to the person you ask to share your car with you."

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

The Methodist meeting came to a successful close Sunday night. A number united with the church. The Rev. Cecil Tune did some fine preaching.

Rev. and Mrs. Dick spent the week end in Potosia, Texas, with a daughter, Sally and family.

McCauley school opened for business last Thursday, Sept. 4. The teachers are: H. P. Powers, Superintendent; K. G. Koneig, Principal; Roy Hennington, sixth grade and band master; Mrs. Ollie Hennington, first and second grade; Mrs. Ralph Bishop, third and fourth grade; Miss Hyso, high school English; Mr. Hill coach, typing and commercial subjects.

Visiting in the W. F. Davison home this week are Mr. Horace McCain, teacher of Agriculture in the Gainesville school, and Miss Betty Geer, of McKinney and a student at N.T.S.T.C.

We are sorry to learn of the death of Mr. Sidney Hollis, of Crockett, Texas. Mr. Hollis leaves a wife, formerly Lucille Callaway, daughter of Mr. Arthur Callaway of this community, and a son and daughter, age seven and nine. Mr. Hollis died in a car wreck last Thursday week.

One of the nice homes in this community is that of Mr. and Mrs. J. A. Jackson, located one mile east of town. The front yard of their home consists of two or three acres of fruit trees which afford enough peaches and pears for home use as well as a large amount for commercial purposes. The Jackson farm consists of about 160 acres and all except 20 acres is rented out. Mr. Jackson has never gone the tractor route and works his cultivated acres the old way with two fine horses. Both Mr. and Mrs. Jackson are interested in community affairs and everything that is for the betterment of the community in which they live. Mrs. Jackson is very active in Home Demonstration club work. Both Mr. and Mrs. Jackson are active members of the Methodist Church.

Mrs. J. M. Miller, of Plainview, Texas, is visiting in the homes of two brothers, J. N. and N. H. Wishert, near McCauley.

Mr. and Mrs. Hiram Prather are the proud parents of a daughter born in an Abilene hospital last Monday, Sept. 1st. Both mother and daughter are doing fine.

Mr. and Mrs. Leo Massey are the proud parents of a little son born in Abilene a few days ago. Mrs. Massey, formerly Betty Jo Abbott, is the daughter of Mrs. Ted Abbott of McCauley.

Mrs. Sally Williams, of Dallas, is visiting in the home of her sister, Mrs. Louis Boyd in McCauley.

Mrs. W. M. Keller has as her guest for a few days a sister, Mrs. Simer of New Mexico. Cisero (Pa) Martin, father of Mmes. Keller and Simer, has returned to McCauley after visiting in New Mexico and Denver, Colorado.

Miss Bill Milsap, Miss Helen Smith and Mrs. John Wishert are visiting for a few days with relatives in Cooper, Texas.

Mr. and Mrs. W. C. Lee, son, Bud, and daughter, Faye, and Miss Gertrude Mason have been vacationing in Ruidoso, New Mexico.

Twenty young people of the McCauley community, accompanied by the Methodist pastor, Rev. and Mrs. Cecil Ottinger, and Rev. and Mrs. Cecil Tune, had a sun rise breakfast and service at the Hamlin park last Saturday morning. All reported a fine time.

All McCauley gins are ready for business and with machinery in tip top shape, the cotton yards shining like a new shoe and all hands on deck ready to serve. The Miers Gin Company, with S. E. Miers manager, H. W. Madden, bookkeeper, L. B. Miers, engineer, Ted Abbott, ginner, and Ellis Eivens, suction operator.

Others will likely be employed next week.

The Texas Cotton Growers Gin, known as the farmers gin, with George Darden manager, Joe Hunter, chief engineer, Jim Fancher, ginner, George Maberry, pressman, and Pete Humphries, suction operator, is ready to blow the whistle. Others will be employed as soon as the cotton starts to rolling.

A. L. Gregg who lives at Neinda was visiting in McCauley Tuesday. A. L. told us that he ginned three bales Monday.

Mrs. Bill Fancher and Mrs. Joe Miers made a trip to Abilene Tuesday to visit Mrs. Leo Massey.

Mrs. Binnie Fancher and Bill Maberry of Lamesa are visiting relatives in McCauley over the week end.

Mmes. Etta Stephenson, George Darden and Roy Hennington visited Mr. and Mrs. Fred Rosenbush last Tuesday.

Rev. and Mrs. Clint Irwin, of Vaughan, New Mexico, visited Mr. and Mrs. Jack Johnson last week. They were on their way to New Orleans to enter B. B. I.

Robert Ingersoll said: Do not tell me that you have got to be rich to be happy. We have a false standard of these things in the United States. We think that a man must be great, that he must be famous, that he must be wealthy. That is all a mistake. It is not necessary to be rich, to be great, to be famous, to be powerful, in order to be happy. The happy man is the free man. Happiness is the legal tender of the soul. Joy is wealth. Liberty is joy.

The American people are about the only people left that can boast of free speech, and in many instances, there are a few taking advantage of our free speech by lambasting this administration and trying to appease Hitler. If we are to have the happiness, liberty and joy that Mr. Ingersoll spoke of, then we had better tape the mouths of ex-hero Lindbergh and Burton K. Wheeler.

—A DARDEN-O-GRAM.

Card of Thanks

We feel deeply grateful to our neighbors and friends for their loving kindness and sympathy to us when death came to our dear loved one. For each and everything done, said and expressed, in the sad hours we thank you sincerely.

Mrs. J. M. McGough and James Mr. and Mrs. J. W. McGough Mr. and Mrs. Autie McGough, and family.

Mrs. Sam Rash and family. Mr. and Mrs. T. J. Rash, and family.

Mr. and Mrs. John Reese and family.

Miss Annie Laurie Johnson has returned to Fort Stockton to resume her work as head of the Spanish department in the public schools.

O. W. Holman, of Cotulla, Texas, is at the home of his son, Tom Holman, and family to spend one month in Hamlin.

WISE CHAPEL NEWS

By Catherine Drake

Some have started pulling cotton this week. Cotton surely looks fine.

Mr. and Mrs. R. H. Maxwell and family, Mrs. R. S. Maxwell, and Mr. and Mrs. J. W. Massey and family of Abilene spent Sunday with their daughter and sister, Mrs. W. D. Patterson and family.

Mr. and Mrs. Gill Walker and family of Romney, Mrs. Inez Watson and daughter of Cisco, and Mrs. Nettie Scott of Sedwick spent Saturday night and Sunday with Connie Drake and sisters.

Mr. and Mrs. Junior Patterson and baby returned to their home at Neinda Sunday.

Mr. and Mrs. J. R. Bonds, Mrs. L. C. Bonds and baby of Hamlin and

Mr. and Mrs. Joe Bonds, Jr., of Stamford spent Sunday with their parents, Mr. and Mrs. Joe Bonds.

Mrs. J. J. Herbst is visiting her son, Louis Herbst and family of Idalou.

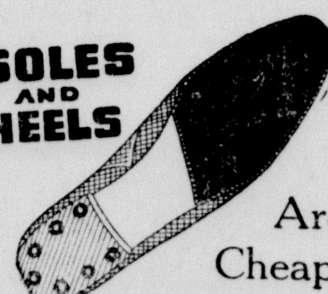

Miss Carolyn Frances Greenway left last Sunday for Ropesville. Miss Greenway is a teacher in the Ropesville school.

When you see Mr. and Mrs. Ralph Riddle, you will have to say Grandpa and Grandma Riddle. Mr. and Mrs. Russell Gleen, of Abilene, are the parents of a girl. Mrs. Gleen will be remembered as Floradine Riddle.

Miss Mary Marguerite Nobles went to Lubbock Thursday to enroll as a student in Texas Tech. She was accompanied by her mother, Mrs. Vera Nobles, Mrs. Landon Davis, and Miss Marion Martin.

Howard E. Crow returned to his camp at Salt Lake City, Camp Douglas, last Friday after being at home with his parents, Mr. and Mrs. W. E. Crow. Howard is an airplane mechanic and has been in the service for 18 months.
